SOAR is a private, non-profit outdoor adventure program for youth with Learning Disabilities and/or Attention Deficit Hyperactivity Disorders. Our students range in age from 11-18 and are all diagnosed with LD and/or ADHD. Most are high functioning, very intelligent, and struggle with issues such as impulsivity, disorganization, inattention, poor social skills, etc. Some student may occasionally come with additional diagnoses such as Obsessive Compulsive Disorder, or Aspergers/High Functioning Autism.
